**Abstract** At the critical period when our country is striding from a manufacturing country to a manufacturing power it is necessary for the craftsman spirit to be integrated into the ideological and political education in colleges and universities. In terms of relationship the craftsman spirit is highly consistent with the ideological and political education in colleges and universities in the dimensions of " honoring truth " " improving goodness " and " seeking beauty " . In the dimension of value the craftsman spirit helps contemporary college students to forge " craftsman's aspirations " train " craftsman's skills " and cultivate " craftsman's moral " . In terms of implementation colleges and universities can integrate the craftsman spirit into ideological and political education by giving play to the role of the " main channel " of classes the " supporting " role of practice and the edification of culture so as to cultivate the craftsman spirit of college students.
